

Sun Procedure

As you will be aware the weather is very hot and is due to get hotter as the week progresses. We all need to be careful in the sun but children especially so. Therefore we would ask that all children come to school with:

- A full water bottle which can be filled up throughout the day
- Sun cream already applied which can also be re applied by the children themselves under supervision, sun cream must be labelled with your child's name and class
- A sun hat
- Sun glasses are also permitted.

As there is little shade in the playground, children will have the option to come in out of the sun at lunch times and play indoors in a delegated room supervised by an adult.

Please do ensure that your child comes to school fully prepared for the heatwave

Many thanks

Kathy Sexton
